## **BFD or EVS at sewing workshop Kabutze e.V. in Greifswald! Yeah!**

### **Who are we:**

- open and uncommercial sewing workspace for everybody
- we are around 10 people of different ages and gender
- we organize the Kabutze e.V. as a nonprofit association and try to make our decisions in a hierarchy critical and consensual way
- we don't produce and sell, we try to make our knowledge und equipment accessible to everybody

### **What we do:**

- open workspace: during our regular opening hours, we help our visitors with the repair of their clothes, to design and produce their own products or to upcycle their old clothes
- sewing workshops during which the participants have 1 to 2 days to produce your own product (for example pullover or a bagpack) with the help of an expert
- upcycling workshops: with schoolclasses or at street-festivals with our sewingmachine-cargobike (a bike with integrated sewingmachine and room for different materials)
- clotheswap-partys: people swap their clothes and save ressources
- lectures: about working conditions, beauty craze and gender norms in the clothing industrie, fair trade unions and capitalism

### **We are looking for:**

You should be interested in sewing and/or the social and ecological effects of the clothing industrie. Ideally you already possess some skills in sewingtechniqes but its not a necessity for us, you can learn it with your progression through your BFD/EVS. We are also looking for interests in public relations, event organisation, people that can work independently and want to be a part of our nonprofit, low hierarchy organisation.

### **Your tasks could be:**

- mentoring of our regular opening hours
- supporting with our advertising and our public output (Facebook, Instagram, Website-Management, press releases)
- support for the workshops (registration, organisation, dokumentation)
- you can plan and do your own project (with support from us if you want) with something of your own choice (events, upcycling, projects with refugees or something totally different)

### **What we offer:**

- super kind team and a lot to learn from us
- a relaxed and selforganized workspace and -rhythm
- free use of our workshop and all the machines
- salary 250 Euros + help with the agencies to increase your salary
- start on 01.09.2023
